9. QUESTION: (INCLUDE SCENARIO IF NEEDED FOR CLARITY):

Scenario: HH #1= CF Disabled Dad receiving SSD and 1 child. HH #2=CW&CF Mom with 2 children. The two HH move in together and the parents have 1 mutual child. The CF Dad reports at his redetermination that Mom with their mutual child and half-sibling have moved in. Mom is CW/CF and it is a mid-period voluntary report that will reduce both CW and CF benefits. When should the agency combine the HHs?

10. REQUESTOR'S PROPOSED ANSWER:

Mom's CF case should be discontinued with timely notice and the 3 HH members added to Dad's NACF case. Using both the CW grant amount and the SSD in the CF budget. If the agency does not make the changes timely, the PACF will have potential OIs.

11. STATE POLICY RESPONSE (CFPB USE ONLY):

The policy is unchanged for combining two households. Mom would be the head of the SAR household. The father's CF change reporting case should be closed so that the father and child can be added to the mother's PA case. If the CWD does not make changes timely, then there would be potential overissuances.
